## UEE40420 Certificate IV in Electrical - Instrumentation

**A qualification in a growing industry across multiple sectors**

### Summary

This is a nationally recognised qualification that provides students with comprehensive knowledge and skills in instrumentation and process automation as well as an exciting opportunity for advancement into the electrotechnology field.

### Structure

Students have 12 months to complete the course. This qualification can be completed online or in class, and all students will be required to complete the practical components in Queensland at our Brisbane, Gladstone, Cairns or Gold Coast campuses. The qualification is comprised of competency based training and assessment - no exams!

### Support

Students will be provided with resources, assessment tools, organisation policies and procedures and reference resources. Trainers are available (by appointment) for one-on-one mentoring if required. EIM also boasts a strong student hub and student services department.

### Eligibility

Students must have appropriate AQF level language, literacy and numeracy skills. Students must also hold a full unrestricted electrical license (UEE30811/UEE30820 or equivalent) issued in Australia.

Proud to be a Queensland Government  
subsidised training provider
